The screenshot shows an Android application interface for account settings. At the top, there is a status bar with the time 16:30 and various icons. Below it is a header bar with a yellow icon and the text "帐户设置". The main content area is titled "外发服务器设置" in green. It contains several input fields: "SMTP 服务器" with the value "smtp.test.com", "安全类型" with the value "无", and "端口" with the value "25". There is a checked checkbox labeled "要求登录". Below these are fields for "用户名" (value: "aaa@test.com") and "密码" (value: "....."). At the bottom of the form are two buttons: "上一步" and "下一步". A numeric keypad is visible at the bottom of the screen, with the number 25 entered in the "端口" field.
